Work Experience

Dreams International, Pune
Junior UI/UX Designer

Jul 2024 - Oct 2024

- Designed a clear and user-friendly website for virtual assistant services, enabling users to explore offerings and connect easily.
- Created an attractive website to highlight a motivational speaker's events, achievements, and content.
- Developed a responsive admin panel for a SAAS platform with a streamlined layout to improve data and task management.
- Utilized tools such as Figma for prototyping and design.
- Focused on user-centered design principles, conducting user research and usability testing to refine interfaces.
- Ensured responsiveness and accessibility across all devices using front-end technologies and design frameworks.
- Enhanced user engagement and satisfaction by delivering intuitive and visually appealing designs.
- Boosted lead conversion rates for the virtual assistant website through clear navigation and optimized call-to-actions.
- Increased efficiency for SAAS platform users by creating an admin panel that simplified task and data management.

Tarkanvesh Consultancy PVT LTD, Belgaum
Junior Developer

Jan 2023 - Jan 2024

- Developed the front-end of an admin panel specifically designed for managing sports data and operations. Built and implemented features to efficiently manage teams, players, schedules, and scores.
- Created a user-friendly and visually appealing school website, ensuring it effectively presented key information for students, parents, and staff.
- Utilized modern front-end technologies such as Angular, Foundation, HTML, CSS, JavaScript. Focused on responsive design principles to ensure seamless performance on various devices.
- Improved operational efficiency for sports management, allowing users to manage complex data with ease.
- Delivered a highly responsive and mobile-friendly school website, enhancing user experience and engagement for all target audiences.
